

# MARIO HUARTE NOLASCO

MDM Specialist | TIBCO EBX Developer | Java | Data Governance

Tel: 55 6229 3691 | Email: mario\_huarte@outlook.com | LinkedIn: linkedin.com/in/mario-huarte-nolasco-874436202

Mexico City, Mexico | Cedula Profesional: 14265872

Computer Engineer (UNAM) with **4 years of experience** in Master Data Management (MDM) and **TIBCO EBX** implementation. Specialized in master data modeling, **Java** extension development on EBX, Data Governance workflows and Data Quality rules. Daily use of **SQL** for master data querying. Familiarity with **SnapLogic iPaaS** for data integration. Occasional use of **Python** for process automation. Project experience across retail, manufacturing, and financial services sectors. English B2 — technical proficiency.

## KEY COMPETENCIES

Master Data Management (MDM) | TIBCO EBX | Java | Data Governance | Data Quality | Data Stewardship | Reference Data Management | Data Modeling | EBX Workflows | EBX Data Spaces | EBX Datasets | Match and Merge | SnapLogic iPaaS | SQL | Python | Power BI | Data Cleansing | AZ-900 | Enterprise Data Management

## PROFESSIONAL EXPERIENCE

**MDM Consultant | TIBCO EBX Developer** Aug 2023 – Present  
**Alldatum Business · Mexico City, Mexico** **2 years 8 months**

- Implementation and configuration of MDM solutions on **TIBCO EBX**: data model design, Data Spaces and Datasets setup for multi-domain master data management.
- Implementation of data cleansing and quality rules in **TIBCO EBX**: configuration of validations, constraints, and corrections on master data records within the platform.
- Development of Java extensions on EBX: business rules, custom validations, REST services, and automation of data stewardship workflows.
- Familiarity with EBX integration to external systems using **SnapLogic iPaaS** and native EBX REST services for data exchange.
- Data quality monitoring and reporting using **Power BI** and **SQL** to track governance KPIs for client projects.
- Delivered MDM implementations across multiple clients in **retail, manufacturing, and financial services** sectors, working with business and IT teams to translate requirements into EBX technical configurations.

**Intern - Data and MDM Consultant** Dec 2021 – Aug 2023  
**Alldatum Business · Mexico City, Mexico** **1 year 9 months**

- Initial learning and configuration of the TIBCO EBX platform under senior consultant supervision.
- Support in identifying data sources and mapping them to MDM models during implementation projects.

**Programming Instructor** Feb 2021 – Feb 2022  
**PROTECO · School of Engineering, UNAM** **1 year 1 month**

- Design and delivery of programming courses and workshops for Computer Engineering students.
- Creation of learning materials and individual tutoring sessions focused on technical problem-solving.

## EDUCATION

**Bachelor of Engineering in Computer Science (Ingeniero en Computación)** 2017 – 2023  
**Facultad de Ingeniería · Universidad Nacional Autónoma de México (UNAM)** **Graduated**

- Member of PROTECO (Computer Technology Program): advanced training in programming, data structures, and software development.

## TECHNICAL SKILLS AND CERTIFICATIONS

### MDM AND DATA STACK

TIBCO EBX | Java | MDM  
SnapLogic iPaaS | SQL  
Data Governance | Data Quality  
Data Stewardship | Python  
Power BI

### CERTIFICATIONS

- ✓ **AZ-900** Microsoft Azure Fundamentals
- ✓ **Google** Data Analytics (Coursera)
- ✓ **SnapLogic** Certified Integrator
- ✓ Leadership Skills Diploma (240 h)

### LANGUAGES

**Spanish**  Native  
**English**  B2 — Technical

### SOFT SKILLS

Technical communication | Teamwork  
Problem solving | Self-directed learning  
AI-assisted development and continuous learning
